

Adulting #1

Task: "Get a Job" You will find a future job (see restrictions below). You need to get hourly pay information, how many hours you will work per week, what your schedule might be, and the location. Email advertisement or write down information and email it to me.

Materials: Paper, Pencil, and internet access or newspaper.

Restrictions: Job must be within Washoe County, obtainable by an 18 year of High School Graduate (or less). The job must be legal and advertised as currently hiring.

Adulting #2

Task: "Find an Apartment" You need to find an apartment that you can afford *on your own-NO ROOMMATE*. How will you determine if it's affordable? Explain. You will need to get the monthly rent, the "move-in" cost, and the distance to your "job." Email advertisement or write down information and email it to me. Alternatively, if you find a "for rent" sign for an affordable place, take pictures, call for information, email me.

Materials: Paper, Pencil, and Internet access or newspaper.

Restrictions: Apartment must be within commuting distance of your "job" in task #1 or it might ruin your budget.

Adulting #3

Task: "Transportation Evaluation" You will figure out at least 3 different ways for you to get to work and back home. You will list the cost, distance, time of each method. If you choose to buy a car, it must be a real car that you find advertised or see in a lot (take pictures and email them to me) the payments and interest will have to be calculated (call them!).

Materials: Paper, Pencil, and Internet Access or Newspaper.

Restrictions: none

Adulting #4

Task: "Feed Yourself" You are going to make a weekly food budget. You must plan out healthy meals for your week (see USDA guidelines or alternative source). How will you be conservative? Do you have to transport food to work? Does your employer provide food or discount it? How much will everything cost?

Materials: Paper, pencil, Internet access or newspaper.

Restrictions: You must buy ALL of the ingredients. You must use the advertisements from grocery stores to get prices, or you can go to the store on your own and take a picture of the product on the shelves with the price.
